

DIGITAL FRIDGE/TV SURGE PROTECTOR

7A/10A/13A/15A/16A

Protects against low voltage, brown-outs, voltage dips and surges. These conditions are harmful to Fridges, Freezers, Coolers, Washing Machines, Motor equipment, Pumps, 1HP Air Conditioners, TV, DVD, HIFI, Media Centers, Fax.

By disconnecting the power when it is bad, the Volt Protector safeguards against short term and long term damage to ensure higher efficiency from your appliances. 3 minute start-up delay is built-in to protect against frequent fluctuations to ensure proper compressor shutdown and start-up.

Fireproof material

5 years warranty

✓ Applications

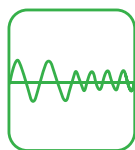

Voltage Protection for: Fridges, Freezers, Coolers, Washing Machines, Motor equipment, Pumps, 1HP Air Conditioners, TV, DVD, HIFI, Media Centers, Fax.

SURGE PROTECTOR

Nominal Voltage	120V / 230V
Current Rating	7A/10A/13A/13A/15A/16A
Frequency	50/60Hz
Under Voltage	Low Voltage Disconnect: 180VAC
Over Voltage	High Voltage Disconnect: 260VAC
Delay Time(High Voltage/Low Voltage)	30seconds/3minutes(switch by button)
Mains Spike Response Time	<10ns
Mains Spike Discharge Amps	6.5kA
Spike Protection	160J
Material	Flame retardant PC V0
