

Characteristics

- Easy operation, flexible configuration
- Independent watchdog, automatic restoring
- Excellent platform, IoT control and management

Hardware parameters		
Input voltage	Rated voltage: 12 VDC	
	Range: 9 ~ 18 VDC	
Power	< 5 W	
Operating temperature	-20℃ ~ 70℃	
Communication parameters		
Inverter communication	RS232 / RS485	
Maximum support	5 inverters / Collector	
Serial communication	Inverter models	Baud rate (bps)
	500 W ~ 3000 W	2400
	EA3KHD / EA3.6KHD / EA5KHD	2400
	EA2-6KSI	9600
	EA30-50KTLI	9600
	EA500KTF	9600
Data Update	Every 5 minutes	
Remote software update	Support
